

HOW WE DO IT

RISK MANAGEMENT

Our risk management process is an innovative approach to traditional insurance procurement, designed to uncover risk exposures from day-to-day business operations.

We partner with your management team to understand your business and help you measure and control risk. We focus on your risk profile with the intention of increasing risk management efficiencies. This comprehensive risk management process helps to identify factors and solutions to manage risk, beyond insurance coverage alone.

By utilizing this strategic risk management process for your business, together we create a risk profile tailored to your individual needs.

RISK MANAGEMENT APPROACH

STEP 1 – IDENTIFY YOUR GOALS AND RISK EXPOSURES.

Our value comes in our ability to strategize, offer insights and work hard for your business to offer a broad perspective on how to best manage risk.

STEP 2 – DEVELOP A STRATEGY AROUND YOUR GOALS AND EXPOSURES.

This includes identifying the risk control techniques and the risk financing techniques, along with the strategic mix of risk management services.

STEP 3 – EXECUTE THE STRATEGY.

After developing a strategy to manage your business risk, we will implement it expertly.

STEP 4 – CONTINUOUS IMPROVEMENT AND MONITORING.

Our continuous monitoring and risk evaluation demonstrates our role as your true partner in risk management.

WHAT WE OFFER

BUSINESS INSURANCE

Property and Casualty insurance can be purchased using one of the more than 30,000 insurance agencies in the country, most however will not take the time to learn and understand your business, they simply provide an insurance product.

At Schauer Group, we work with you to analyze risk and recommend coverage based on overall value and your company needs.

We represent top-rated property and casualty insurance companies. Throughout our history, we have developed solid relationships with these insurance providers. Those relationships allow us to provide a wide variety of coverage and price options for our clients.

We help you identify your exposures, make recommendations on how to address those exposures, and create a competitive insurance environment — one where both coverage and price targets are achieved through insurance-company competition.

EMPLOYEE BENEFITS

We acutely understand the challenges your business faces when it comes to structuring employee benefits for your company. You are facing rising premium costs, medical inflation, increased prescription costs and regulatory uncertainty.

With Schauer's employee benefits analysis process, the objective is to identify the goals of your organization and wrap services and products around those goals.

Schauer is the right strategic employee benefits partner to help you make decisions that are reflective of your company culture while bridging the gap between both the employer's and employees' view of benefits.

We partner with you to formulate a benefits program to accomplish your goals without losing sight of the need to control costs.

WHAT WE OFFER

HUMAN CAPITAL SERVICES

Our innovative approach to risk management has led us to evolve our employee benefits division into a new human capital services division.

Designed directly from the dynamic needs of our clients, we have adapted our strategic risk management process to assist you with outsourcing key human resources functions, from employee benefits, benefits administration and compliance, to data analytics, talent recruitment and retention.

By outsourcing some of your human resources responsibilities to Schauer Group, you are allowing your HR team to manage daily operations and implement overarching strategies for your company.

We start with a Human Capital Discovery Session. From this initial discovery phase, we leverage the insights gleaned to design a customized human capital services program.

As a result, your business will be better equipped to anticipate talent issues, fill gaps in capabilities, and integrate procedures to sustain ever-changing needs of your business.

ADDITIONAL STRATEGIC SERVICES

Surety

Our professional surety team connects you with national, regional and specialty surety companies. Based on your business goals and objectives, we use our experience and surety market relationships to develop a competitive surety program for your specific needs.

Risk Consulting

When your business needs independent analysis that you can trust, but you wish to maintain your current insurance relationships, Schauer Group can provide you with a thorough and objective risk review.

Personal Risk & Insurance

Schauer can assist in analyzing risks for high net worth individuals based on assets, career, activities, lifestyle and more. We work with you one-on-one to review personal risk exposures and help you make coverage decisions to protect yourself.

WHO WE ARE

INTEGRITY • INDEPENDENCE • ADVANCEMENT • COMMITMENT

Schauer Group clients want reliable results, through a relationship that is transparent, flexible and cost effective. **We deliver.**

Schauer is an innovative risk management, insurance and human capital services firm dedicated to offering you honest, principled guidance. We seek to become a true extension of your team, create a customized risk profile, develop expert recommendations for insurance and employee benefits, and can even design a suite of talent acquisition and retention tools for you.

And we've been doing it for 100 years.

Schauer Group has a client-first attitude with a long-term reputation of doing business the right way. We are independent, stable, not for sale and ready for the next 100 years.
